EVERYTHING YOU NEED TO  
UP YOUR GAME!

For more than eighty years, our aim has stayed the same: To help more people experience the passion and enjoyment of darts.

To keep raising the bar and growing the sport. It's not good enough for us anymore to rely on TV, those viewers know Unicorn, they know darts – we need to introduce the Unicorn story, the story of darts to more people through more modern, targeted communication channels.

For professional players,  
For casual players,  
Unicorn is...

FOR EVERY  
PLAYER

"....it is interesting to note that a turning point in dart design was reached in 1937, when the Silver Comet precision dart was patented by F. Lowy.... it is abundantly clear that players do not like "gadgets", they prefer sound, well made and reliable, but otherwise straightforward darts."

FRANK LOWY, Founder of Unicorn  
(extract from the Book Of Darts 1950)

Back in the early 1930's, Frank Lowy saw a lot of frustrated players: Their darts were fitted with cane shafts, with flights made of paper or feather, and rarely did they have three darts the same.

So Frank designed what he believed was a better dart, Silver Comet. And players around the world loved it.

That's how Unicorn started and that's what we've kept doing ever since, asking: 'how can we make darts better For Every Player?'

So, in the 1960's, we introduced player ambassadors to the sport.

In the 70s, we created the first international tournament, and started making darts out of tungsten alloy.

In the 80s, the world watched as Team Unicorn World Champion Ambassador John Lowe threw the first 9-dart finish ever seen on television.

And in the 90s we helped players and tournament organisers to create the Professional Darts Corporation.

More recently, we invented SmartBoard, the world's first auto-scoring dartboard powered by our Scorebuddy smartphone app – so newcomers can play right away and even challenge buddies remotely across the Internet.

And now we're making it easy for venues across the world to offer darts using augmented reality.

2022 saw the introduction of the For Every Player Series – designed to reach a new global audience through a bespoke social media influencer campaign, talking directly to the dart fans of tomorrow around the World.

"For the amount of fun and enjoyment it provides the cost involved is negligible and the game is so adaptable that it can be played indoors or out, in the home, in hotels, in clubs, in work canteens, at festivals, fairs, in short anywhere..."

FRANK LOWY  
(extract from the Book Of Darts 1950)

Created by Unicorn, based on a John Lowe barrel, Phil Taylor used Phase 5 darts to devastating effect from 2008 to 2014, winning World Championships in 2009, 2010 & 2013 together with a host of other Major TV Tournaments. Probably the most successful dart ever made!

The Zippy is one of the most iconic darts in the Unicorn range. It's fun, it's small and it 'zips' through the air. A firm favourite amongst fans of Unicorn darts, the Zippy brings a smile to everyone's face.

sigma<sup>TM</sup> 900

THE ULTIMATE AERODYNAMIC DART!

Utilizing the mathematics behind UniLab, Sigma darts are designed so that the barrel, shaft and flights come together to form the ultimate aerodynamic unit.

Every Sigma dart has been mathematically optimized creating a range of darts with the truest flight and greatest accuracy.

ALSO AVAILABLE  
SIGMA ACCURACY PACK  
(See page 86 for more details)

## DARTS RE-INVENTED TO BE FUN FOR EVERYONE

FOR OVER 80 YEARS THE BIG NAME IN DARTS HAS BEEN AT THE FOREFRONT OF INNOVATING DARTS TECHNOLOGY.

Now we introduce the revolutionary new Unicorn Smartboard®, the world's first app enabled auto-scoring dartboard. With instant scoring made possible by the amazing Unicorn Scorebuddy® app, you can play 6 exciting games for up to 12 players in doubles or 6 players in singles. Challenge people from around the world with online multiplayer.

Suitable for all skill levels including the ability for solo players to challenge the Scorebuddy® Robot, you can play anywhere - no mains connection required. (Requires 3 x AA batteries).

**NOW WITH  
NETWORK  
PLAY!**

PLAY AROUND THE WORLD

### SMARTBOARD BRISTLE

High quality, traditional bristle dartboard with the addition of instant app enabled scoring technology.

Connected through Bluetooth LE built in to the Unicorn Smartboard®, instantly transmits the score of every dart to the Scorebuddy® app on your mobile or tablet device.

Supplied with 6 steel tipped darts that can be magnetised on the board, although any steel tipped darts can be magnetised for use with the board.

79700 SMARTBOARD BRISTLE 1 PER MASTER CARTON

### SMARTBOARD SOFT TIP

Robust and durable soft tip dartboard with the addition of instant app enabled scoring technology.

Connected through Bluetooth LE built in to the Unicorn Smartboard® - instantly transmits the score of every dart to the Scorebuddy® app on your mobile or tablet device.

Supplied with 6 soft tipped darts although any soft tipped darts can be used with the board.

79500 SMARTBOARD SOFT TIP 1 PER MASTER CARTON

THE UNILAB FLIGHT SELECTOR TABLE  
 THE UNIBOFFIN EXPLAINS...

The right flights for you must match your particular darts, producing enough aerodynamic lift to stabilise them in-flight but not so much as to throw them off-course. UniLab and Unicorn Sigma darts use sophisticated mathematics to achieve this matching, but you can try yourself using the following table, some experimentation, and maybe a UniLab Flight Selector Kit!

The table below lists the surface area for current Unicorn flight shapes, a Lift Factor relative to the highest lift, Big Wing flights, and a related Stability Factor. Flight weight also affects stability and, although the Stability Factor shown is for

a standardised material, the table's last row shows the weight of a representative Plus flight in different materials.

Heavier materials provide slightly less stability but improved durability, Maestro additionally offers more rigidity and therefore consistency of flight, and Q aims to provide this in a lighter flight.

There are no hard-and-fast rules on flights matching, but as a hint to using the table, if your darts are landing in the board at varying angles, try a higher stability flight, if they're landing true, a smaller, lower lift flight may improve accuracy, land flatter, and reduce bed-blocking.

FLIGHT SHAPE	AREA cm <sup>2</sup>	LIFT FACTOR	STABILITY FACTOR (standardised material)	CHARACTERISTICS & COMMENTS
Big Wing XL	47.658	1.05	1.02	The most lift from the biggest flight!
Big Wing	44.741	1.00	1.00	Increasingly popular - the table baseline
Plus	39.614	0.87	0.93	The all-purpose compromise
Fin	38.765	0.78	0.90	An Xtra take off from a retro rocket
Xtra	36.323	0.74	0.85	Works well with a straighter throw
Shield	34.979	0.77	0.88	Shields against instability
Slim	32.846	0.57	0.59	Works well with a flatter, direct throw
DXM	26.585	0.51	0.57	A trim of the slim
<b>Sigma Flights</b>				<b>Mathematically matched to Sigma darts</b>
One	37.519	0.93	1.05	Stability-optimised stall-resistant design
Pro	29.249	0.66	0.74	For accuracy with side-loading shafts
Super Pro	25.265	0.55	0.59	Shorter for accuracy with end-loaders only

WEIGHT OF A PLUS FLIGHT IN DIFFERENT MATERIALS (gms)					SIGMA RANGE			
SuperTrue .125	Core .75	Q .75	Q .100	Maestro .100	Super Maestro .125	One.100	Pro.100	Super Pro.100
0.63g	0.53g	0.53g	0.65g	0.65g	0.75g	0.60g	0.48g	0.42g

UNILAB  
 FLIGHT SELECTOR KIT

**77790 MASTER PACK OF 12**

The UniLab Flight Selector Kit enables you to experiment with different flight configurations.

Different flight shapes and sizes will alter a dart's trajectory, working aerodynamically in conjunction with your existing barrels and shafts.

Try these 5 different shapes to tweak your darts set up to improve your accuracy and consistency.

**READ MORE ABOUT THE SCIENCE OF DARTS AT:**

**WWW.UNICORN-DARTS.COM**

FLIGHT SHAPES: REFER TO THE SYMBOLS BELOW  
 SELECT: P BX S X D F SH AR1 OR AR2

P

PLUS 39.614CM<sup>2</sup>  
 The original Unicorn Flight shape that's now copied as a standard shape worldwide as it's an ideal general purpose flight that suits all styles of play and Dart/Shaft combinations.

BX

BIG WING XL 47.658CM<sup>2</sup>  
 The biggest flight ever, giving maximum lift.

B

BIG WING 44.741CM<sup>2</sup>  
 These Extra Large Flights (+13% bigger than Plus shape) give Extra Lift and are becoming increasingly popular with top players.

X

XTRA 36.323CM<sup>2</sup>  
 For accurate players, the unique Xtra shape allows the closest groupings.

AR1

ASPECT RATIO TYPE 1 44.262CM<sup>2</sup>  
 Big Wing shape alternative with reduced surface area for increased speed but maintaining stability.

S

SLIM 32.846CM<sup>2</sup>  
 Lightweight Flights for lighter weight Darts, especially soft tip where they're used by most of Unicorn's top players.

D

DXM 26.585CM<sup>2</sup>  
 For consistently accurate players these ultra compact flights improve visibility and close grouping.

F

FIN 38.765CM<sup>2</sup>  
 For improving players, step up to Fin to improve grouping.

SH

SHIELD 34.979CM<sup>2</sup>  
 Shields against instability and allows for close grouping.

AR2

ASPECT RATIO TYPE 2 39.591CM<sup>2</sup>  
 Plus shape alternative with reduced surface area but enhanced stability and increased speed.

QUOTE ITEM NUMBER 12 SETS PER PACK

FOR EVERY PLAYER

## THE NEW ERA IN FLIGHT SHAPE TECHNOLOGY...

**ASPECT RATIO (AR)** is the latest darting innovation from the UniBoffin following extensive research into dart flight aerodynamics.

The wide front profile increases stability when the dart is in flight while the tapered rear area reduces drag to increase speed. Unlike conventional flights, the AR's corners have been purposely designed with large sweeping curves to reduce the possibility of incoming dart collisions and encourage tighter grouping.

To round off the innovative design of the AR flight a new nose profile has been engineered for quicker and easier flight loading – a welcome feature for all dart players.

Available in two sizes, AR1 and AR2.

AR1 = EXTRA STABILITY THROUGH THE AIR

AR2 = MORE SPEED THROUGH THE AIR

## TO OUR CUSTOMERS....

Our aim is to make trading with Unicorn easy.

We try very hard to have an appreciation of our customers' problems and to have a minimum of rules.

We feel the stating of our policies will make it easier and more profitable for our customers to deal with Unicorn.

## WARNING

DARTS IS AN ADULT SPORT. IT IS DANGEROUS FOR CHILDREN TO PLAY WITHOUT SUPERVISION. WE RECOMMEND THAT A DEALER SHOULD EXERCISE DISCRETION WHERE ANY SALE MIGHT RESULT IN CHILDREN PLAYING WITHOUT ADULT SUPERVISION.

## SPECIFICATIONS

We have taken every care to ensure that the information detailed in this catalogue is truthful and accurate. All weights and sizes are approximate and for guidance and comparison only. Should circumstances arising subsequent to publication render as unavoidable some changes in production, Unicorn Products Limited reserves absolute discretion to make these or any other changes they deem necessary without notice or obligation.

## PRODUCT IMPROVEMENT

Continuous research and development will bring about changes in design, material and arrangement of our products during the life of this catalogue. We shall pass to our customers such benefits or improvements as they occur by delivering the latest version of any product. Such improvements or modifications as may be introduced do not place us under any obligation to make similar changes in articles sold before the date of introduction.

## STANDARD PACKS

Many of the items in this catalogue are prepacked in convenient size standard packs. The standard pack has been selected for ease of stocking and ordering, economy in production and to ensure safe transit of the contents.

For these reasons we cannot split standard packs and where orders call for other than standard packs we shall adjust the order to the nearest pack quantity.

## GUARANTEE

It is our aim to ensure the complete satisfaction of our customers and in case of a genuine complaint as to the quality of our goods, we shall be anxious to rectify any fault of our own free will and at our discretion only.

## IMITATIONS

The design, construction and trade names of most of our products are protected by patents, design registrations, trade marks, copyrights and/or pending applications and rigorous action will be taken against all infringers to protect both dealer and users from imitation.

## ACCEPTANCE OF ORDER

All orders are accepted by us on the understanding that our Conditions of Sale as stated in our current price list form the basis of the Contract of Sale entered into by the placing and acceptance of such orders.
