GUNN & MOORE

Cricket 1984/5

# MAESTRO

a virtuoso bat in every respect

From the finest naturally seasoned willow and the world's best bat makers comes **Maestro**.

Unique contoured edge provides extra thickness at sweet-spot line and controlled graduated taper to shoulder and toe.

Scientifically designed maximum swell flows to stronger toe and weight-reduced flatter shoulder.

Internationally acclaimed Gunn & Moore laminated cane handle with carbon-fibre springing and double rubber cushion grip virtually eliminates jarring on mis-timed shots.

The exclusive design elements combine together to produce the classic bowed appearance to the blade.

Superb balance packs power behind every stroke.

Striking yet dignified livery incorporates distinctive coachlines on new contoured edges.

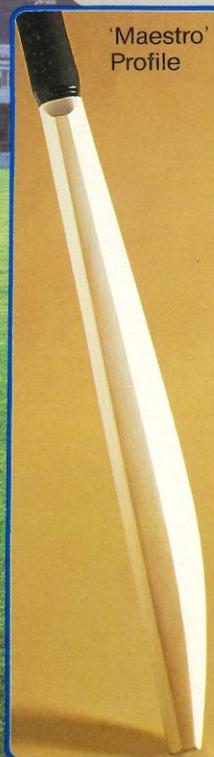

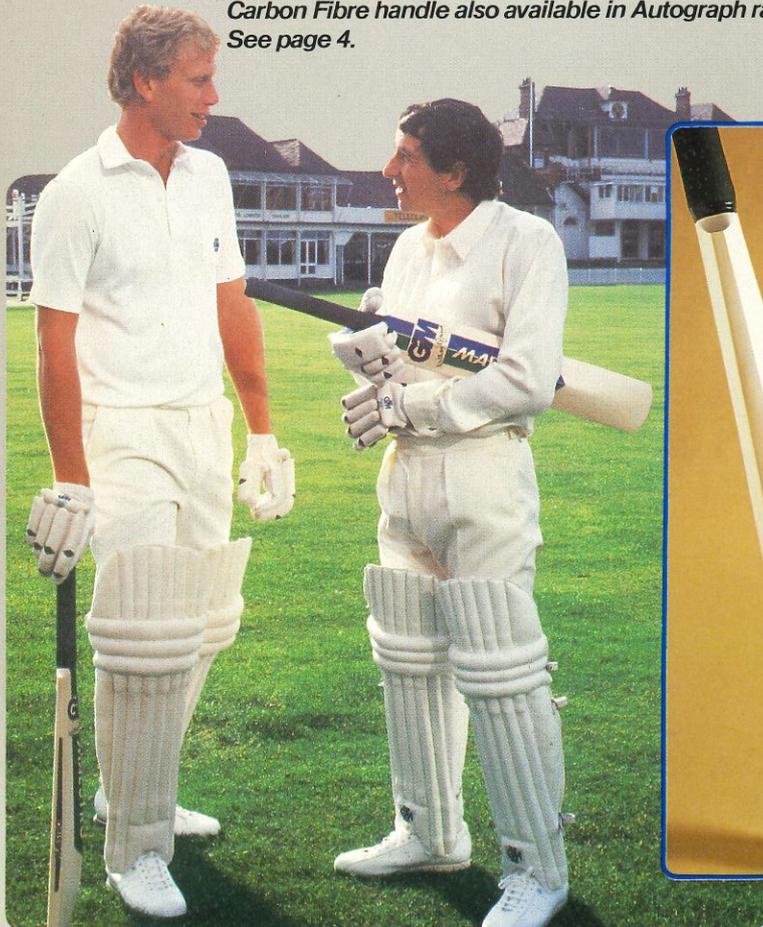

### Carbon Fibre Handle

*Carbon fibres laminated with choicest selected natural cane.*

*Better springing and improved damping for more comfort and 'feel'.*

*Lighter than a conventional handle, the carbon fibre handle permits a bigger blade without increase in overall bat weight for more powerful driving, improved balance and control.*

*Carbon Fibre handle also available in Autograph range. See page 4.*

01039 Maestro

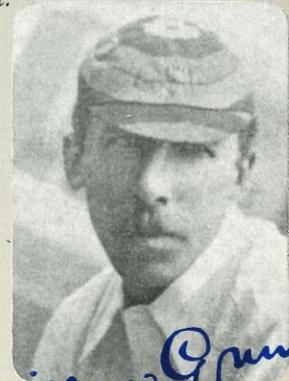

01008 Galaxy  
01009 Galaxy 'Maxi'

## Since 1885

when William Gunn made his first bat, Gunn & Moore has been dedicated to creating bats of the finest quality, built from the best true bat willow available, thoroughly and naturally seasoned. Each bat receives the care of an expert craftsman at every stage; there is no other way to produce a perfect cricket bat.

The same care and dedication is applied to the design and construction of the protective equipment, footwear, clothing and accessories making the Gunn & Moore range the first choice of discerning cricketers everywhere.

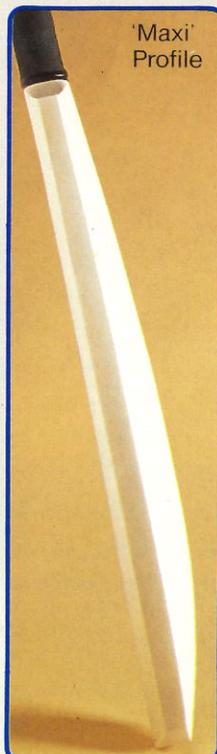

*William Gunn*

## Galaxy Modern technology blended with traditional craftsmanship

A bat made from specially selected willow, superior in every respect.

The handle is made from Hyper-Sprung Polystra with an inner matrix of shock absorbent material. The lightness of the handle allows a larger blade with no increase in overall weight, thus giving improved drive area, super pick-up and perfect balance.

## 'MAXI' — the 'big' bat with the better pick-up

Extra weight bats, 2lb. 9oz. & over. Feature specially thickened edges and perfect weight distribution for superior balance and effortless power.

'Maxi' weight bats available in Galaxy, Autograph, Cannon & Clubman qualities. See pages 4 & 5.

### Please Note:

Full size bats are available with long, short or super short handles. Short handle bats will be supplied unless otherwise specified. Full size bats are also available for left handed players on request.

## Covered bats

The application of modern protective coverings enhances bat durability, preserving the blade in extremes of temperature and humidity as well as being a defence against hard balls and mishap. Ready to play — need no oiling.

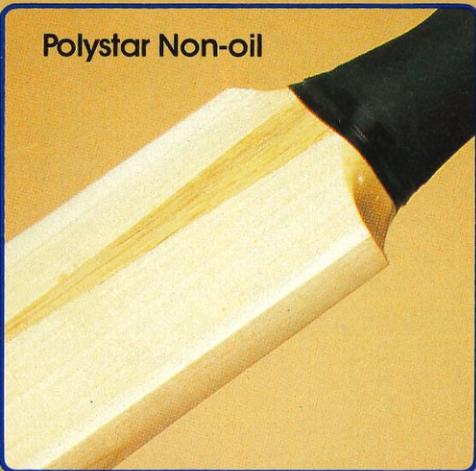

### Duracover

Unique Gunn & Moore overlay bonded to bat face. Super tough and lightweight. Virtually indestructible. Dramatically reduces blade damage.

Available on Autograph and Clubman qualities.

### Polystar Non-oil

Durable super tough resinated Poly RS84 coating. Simple to keep clean with damp cloth.

Available on Autograph and Cannon qualities.

*Autograph*

Nearly a Century of tradition and craftsmanship is enshrined in the Autograph bat. Each receives the individual attention of experts at every stage of manufacture — from the selection of the choicest lightweight willow to the final balancing of the blade.

**Please Note:**  
Full size bats are available with long, short or super short handles. Short handle bats will be supplied unless otherwise specified. Full size bats are also available for left handed players on request.

## Junior Bats

### Important

Kashmir willow has some different characteristics from English willow. The faces of 'Scoremaster' bats are pressed to give a tough resilient surface, but because Kashmir willow is rather softer than English willow, indentations and some surface cracks will appear in use. Such facial markings should be ignored, however, as they are normal for this type of willow and will not detract from the continuing good performance of the bat.

Gunn & Moore Junior Bats have been made available in response to the request of Cricket Authorities for economically priced equipment for the junior player.

### Scoremaster Special

Made in England.  
First Class English Willow.  
Specially developed lightweight "Nypol" covering coated with durable resinated Poly RS84.

Simply clean with damp cloth.

## Bat Repairs

### To avoid delay

Please send all repairs direct to our Nottingham factory:

**Gunn & Moore Ltd.,  
Haslam St., Castle Boulevard,  
Nottingham, NG7 1EZ.**

To ensure speedy service please label the bat giving full particulars of work required.

### Re-handling

We offer three qualities.  
1. 'Autograph' carbon fibre  
2. 'Autograph'  
3. Economical twin-spring.

### Re-blading

A new blade of any grade of bat described in this catalogue can be fitted to any handle regardless of make. The blades of bats sent for re-blading may be sawn off just below the splice to minimise cost of carriage.

## Cricket Sets

Excellent value.  
Ideal gift items.

Choice of two sets each comprising:

- 1 each Scoremaster bat
- 1 each Cricket ball
- 4 each Stumps
- 1 each PVC Carry bag,

**04205 Size 5 Bat, 26" stumps,  
jnr leather ball.**

**04204 Size 4 Bat, 25" stumps,  
jnr composition ball.**

### General Bat Repairs

Cracks and splits can be repaired by glueing and the addition of wraps. We can also let pieces of willow into the blade or add an inset to the toe.

Let us know if new rubber handle grips are to be fitted.

If possible send the bat during the close season. It will enable us to provide you with a speedier service.

*All repairs are executed with the same care which goes into the manufacture of new equipment. Our repair services are not restricted to goods of our own manufacture.*

## Cricket Balls

### 03011 Special Super County Grade A

Scientifically developed semi-matt finish for extra durability and control. Special hand stitched seam for all conditions and techniques.

### 03010 Super County Grade A

### 03015 County Star

### 03020 Super Star

### 03030 Clubman

### 03031 Clubman Junior 4 $\frac{3}{4}$ oz.

Gunn & Moore Leather Cricket Balls are all hand made to our exacting specifications and under our close personal supervision in overseas factories. Each model has been rigorously tested under all playing conditions over a long period to ensure complete satisfaction. All balls conform to M.C.C. regulations.

### 03040 Nonjar Junior

Unique Gunn & Moore moulded junior size ball developed at the request of and in co-operation with leading schools' cricket coaches. All the bounce and playing characteristics of a conventional leather ball but without the hardness. Encourages youngsters to play robust cricket without fear of injury or painful bruising. Will not harm bats — not to be confused with cheap composition balls.

### Technical Notes:

All Gunn & Moore leather cricket balls are quartered balls, hand stitched. The centres are all constructed of wool and natural cork layers around a natural cork centre.

Sample balls selected at random from each manufacturing batch are tested in play.

Strict quality control of both materials and construction methods ensure, as far as possible, perfect shape retained during play, true seams and avoidance of 'hard' balls.

#### Outer Case

Choicest butt leather, alum tanned, pre-treated for wet conditions and abrasive resistance and pre-stitched to avoid distortion in use.

The leather used for the Gunn & Moore range of cricket balls is graded from the top ball downwards, so that the Super County Ball is made from a very limited portion of the finest skins specially selected and superior in every respect and as the grading pro-

ceeds, other selected portions of the skin are used.

Even the lowest grade ball is made from a portion of a top quality skin.

#### Inner Core

All inner cores are made from layers of well oiled new wool and worsted yarn and natural cork around a cork centre. The cores are air dried for two to three months before being sewn in the case. The baking of cores to accelerate drying is assiduously avoided, as this destroys resilience making the finished ball hard.

#### Wool Layers in Core and Stitches in Seam

The number of layers of wool and cork and the number of stitches in the seam vary through the range as follows:

	Wool Layers	Seam Stitches
Super County	6/8	80/85
County Star	5	72/75
Super Star	5	72/75
Clubman	5	68/72

*Autograph*

## Batting Gloves

for cricketers who demand the very best.

Maximum protection, greatest possible comfort from new with no 'breaking-in' necessary, and long life are achieved by meticulous attention to design, choice of materials and workmanship.

All batting gloves available left hand — please specify.

### Technical Notes:

*Autograph*

#### Batting Gloves

##### Leather

Sheepskin, full chrome tanned. Special process oils give long lasting suppleness and ensure leather stretches and recovers with every movement of the hand.

Sheepskin has high tensile strength for tear resistance.

No dressing or salt is used in the preparation of the leather as these cause surface deterioration and stiffening in use. Drumming with a mixture of titanium oxide and french chalk gives improved surface and texture.

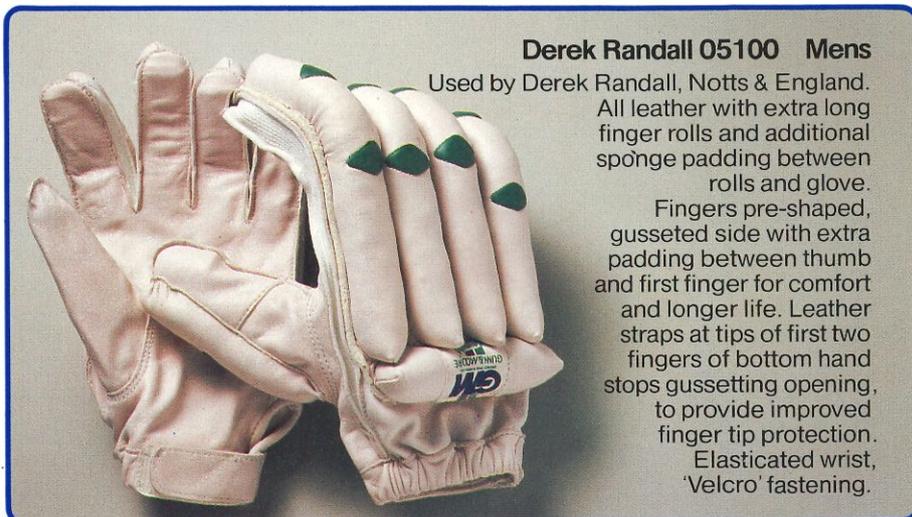

Padding (unless otherwise stated). Pure Kapok. Will not compact or become lumpy in use, as does cotton waste which is widely used.

##### Thread

Three ply core spun thread—a core of nylon and twin glazed cotton braiding. Cotton thread used alone is too weak to take the strains involved. Nylon thread used alone does not lay flat and may cut the material causing splitting in use.

##### Manufacture

Skins are preserved in batches, so that any pair of gloves is made out of one batch of skins thus preventing differential stretching and ensuring the maintenance of shape of finished glove and uniformity of texture and colour. Particular attention is paid at the cutting stage so that the natural stretch in the leather becomes available across the hand rather than in the direction from the wrist to the finger tips.

#### Derek Randall 05100 Mens

Used by Derek Randall, Notts & England.

All leather with extra long finger rolls and additional sponge padding between rolls and glove.

Fingers pre-shaped, gusseted side with extra padding between thumb and first finger for comfort and longer life. Leather straps at tips of first two fingers of bottom hand stops gussetting opening, to provide improved finger tip protection.

Elasticated wrist, 'Velcro' fastening.

#### Leather, overlap 05115 Mens

Finest supple sheepskin glove. Net back.

Extra long leather finger rolls and one horizontal roll. Leather padded overlap to first two fingers bottom hand 'Velcro' fastening.

#### Leather, long finger 05125 Mens

Supple leather.

Gusseted fingers for extra comfort.

Pre-shaped extra long full length finger rolls for maximum protection.

One horizontal roll. 'Velcro' fastening.

# Scoremaster

## Batting Gloves for the budget conscious.

Top protection, comfort and reliability by use of materials selected for their hard wearing properties and economic cost to provide ideal equipment reasonably priced for personal, club, school and college use.

**05143  
D.R. Protector Mens**

Leather palm and fingers, net back.  
Pre-shaped long finger rolls,  
gusseted side.  
One horizontal roll.  
Extra padding between thumb and  
first finger.  
'Velcro' fastening.

**05146  
Extralite Mens**

Ultra lightweight unique design.  
Multi foam padding.  
Full leather palm, knitted cotton back.  
'Velcro' fastening.

**05148 Mens  
05149 Youths**

Top quality leather glove.  
Extra long finger rolls.  
One horizontal roll.  
Red gusset sides.  
'Velcro' fastening.

**05155 Mens  
05156 Youths**

First class classic glove.  
All leather palm, fabric back.  
Leather finger rolls.  
Two horizontal leather rolls.  
'Velcro' fastening.

**05162 Mens  
05163 Youths  
05164 Boys**

Attractive budget priced  
leather glove.  
Red fabric backing, white finger  
gussetting for extra pleasing  
appearance.  
Generous finger rolls, one  
horizontal roll.  
'Velcro' fastening.

**05170 Mens  
05171 Youths  
05172 Boys**

Strong cotton glove, leather rolls.  
Leather reinforcement between thumb  
and first finger.  
Elasticated wrist.

*Autograph*

## Wicket Keeping Gloves

A superb range for professional and club use

### Technical Notes:

#### **Leather**

Leather of the same characteristics as used for Batting Gloves is used, but from larger animal skins to give heavier duty leather.

Specially selected portions of the skins are used for the finger gussets which take tremendous strain.

#### **Padding**

Sponge Rubber and Pure Kapok are used in all models.

Tapered rubber finger thimbles are used throughout.

All Autograph gloves and leg guards are supplied individually boxed for protection, cleanliness and ease of storage.

#### **05210**

Test Match quality.  
Finest supple leather.  
Full soft leather lining.  
Large web between thumb and first finger.  
Finest red rubber lined fingers and palm.  
Sponge bar and cane wrist protection.

#### **05205**

Modern styling, waisted at wrist and tapered cuff.  
Extra large web.  
Fully leather lined.  
Elasticated left hand cuff.  
Three bar sponge wrist protection.

#### **05215**

Soft red leather.  
Large back vent for extra cooling.  
Supple sheepskin lined cuff.  
Sponge bar and cane wrist protection.

# Scoremaster

## Wicket Keeping Gloves

**05229**

Leg Guards

**Buckskin**

05010 Mens  
05015 OSM

The finest made.  
Genuine goatskin for increased tensile strength and wear.  
Exceptional quality for extra long life.  
Seven rib and side wing design.  
Pre-curved and shaped knee rolls for added protection and comfort.  
Three horizontal inside pads and one vertical pad, all of lightweight cotton covered foam.  
P.V.C. lined instep.

**Polyhide**

Reinforced polyurethane wipe-clean facing.  
Pre-curved and shaped knee rolls for added protection and comfort.  
Three horizontal inside pads and one vertical pad, all of lightweight foam.  
P.V.C. lined instep.

05016 Mens

**Canvas** Top professional pad.

Fine quality close woven canvas, peroxide bleached with special dressing to prevent distortion in manufacture and use.  
Pre-curved and shaped knee rolls for added protection and comfort.  
Lightweight cotton covered foam pads.  
P.V.C. lined instep.

05036 Mens

**Technical Notes**

**Padding, rolls and ribs**

*Padding is a fine yarn drill stuffed with Kapok, this stuffing being vastly superior to cotton waste, being both lighter and non-compacting.*

**Cane**

*A stiff cane is used in the ribbing between the stout lining of the pad and the stuffing to provide maximum protection. For cheapness many pads have bamboo instead of cane within the stuffing and the protective effect is inferior.*

**Straps**

*Full chrome cowhide fastened through three seams to spread the load.*

**Buckles**

*Zinc plated steel riveted to straps for strength. Zinc plating gives better rust protection than the more common nickel plating.*

# Scoremaster Leg Guards

## 05038 Pro-Buck

Finest selected grain sheepskin.  
Seven vertical ribs, three pre-curved knee rolls.

Three horizontal, one vertical lightweight cotton covered foam pads.  
P.V.C. lined instep for durability.
