For the real game

## A GLOBAL PLAYER

Based in Japan, Molten have been designing and producing basketballs, footballs, volleyballs, handballs and netballs for elite competition since 1958.

We are proud to be official basketball suppliers to FIBA and, more recently, official football suppliers to the UEFA Europa League and UEFA Europa Conference League.

This year, Liverpool, Brighton & Hove Albion, Rangers, West Ham United, Aston Villa and Aberdeen are just some of the teams enjoying Molten footballs.

Molten also supply the official volleyball of the NCAA® Women's and Men's Volleyball Championships.

## A COMMITTED SUPPORTER OF DOMESTIC SPORT

Molten are official matchball suppliers to The British Basketball League, Basketball Ireland, The Hoopsfix Classic, and GB Masters.

We are official netball suppliers to The Fast Five All-Stars.

## BASKETBALL

THE GLOBAL GAME'S  
FAVOURITE BASKETBALL

Molten have designed and produced the FIBA World Championship Basketball since 1982 - we are the organisation's longest-serving partner.

In September 2023, the BG5000 was used to stunning effect by Germany in their fantastic World Cup win over Serbia. The BG5000 is part of our seven-strong BG Series which contains a basketball for every player no matter where they stand on their basketball journey.

At home, no other brand invests more in British basketball than Molten. Our BG4500 is the official ball of the British Basketball League, Women's British Basketball League, Basketball Ireland, Hoopsfix Classic, and GB Masters.

Molten continue to support basketball wherever it's played.

### BG5000 THE CONSTRUCTION

The ball's foam concentration has been increased by 35% and an EVA high-foamed backing layer applied to deliver a softer and easier to control basketball.

**DID YOU KNOW?**  
Molten basketballs are design classics

Molten's signature basketball design was styled by Giorgetto Giugiaro in 2005 to 'combine tradition and innovation'. Giugiaro is famous for designing the 'Back To The Future' Delorean car, Lotus Esprit S1, Ferrari GG50, and Seiko 7A28-7000 watch worn by Sigourney Weaver in Aliens.

**THE MOLTEN VANTAGGIO  
A FOOTBALL FOR EVERY PLAYER**

Football is a journey.

Most of us start playing in the back garden with our family, or friends in the street, before joining mini-soccer at a local club. We each take those nervous first steps in U7 friendlies, parents watching on, and grow into competitive junior games.

A little older, we fall in love with playing alongside our mates in organised games, at school or in the park. Into adulthood, we meet for weekly five-a-side, a weekend match and some, lucky ones, are offered an opportunity to earn their place amongst the game's elite.

From our Size 3 1000 right through to the FIFA Quality Pro 5000, there's a Molten Vantaggio for every player and every team to enjoy, no matter what stage they're at on their football journey.

After all, the beautiful game deserves a beautiful football.

ABOUT FLISTATEC®  
Control & Consistency

Molten's ground breaking FLISTATEC® (Flight Stability Technology) stabilises the ball's flight by controlling air disturbance through the placement of a raised honeycomb design on the ball's surface. By optimising the air current around the ball and reducing turbulence, FLISTATEC® delivers the control and consistency athletes demand on every contact.

The textured microfibre composite cover also enhances grip, resulting in more accurate overhand passing and setting.
